Our Story

Lisa

Tacina

Lisa started her care career in 2020. She started as a carer and went on to be a field care supervisor and has continued to progress throughout the job roles and responsibilities.

Lisa is now the proud owner of Cariad Care North Wales and has a great vision to provide clients with outstanding care within Wrexham borough.

Tacina was previously a teaching assistant and worked with children with additional needs. She then went on to further her career in nursing and became a fully qualified nurse.

Tacina chose to own her own business to provide care and compassion to enhance the lives of adults who wish to be cared for within their own homes and to help alleviate the pressure her colleagues face within the hospitals.
